Presoaks - Tire Cleaners - Detergents

Self-Serve Presoak - Orange/Citrus

AS-4 is a concentrated, citrus-scented low pressure presoak used to loosen dirt and road film prior to a foam brush or high pressure soap application. When used as recommended AS-4 will also work as a "frictionless" cleaner. For use in self-serve type carwashes.

- Orange foam with pleasant citrus scent
- Safely loosens and removes stubborn grime on vehicles

AS-4

Self-Serve Presoak - Red/Citrus

AS-5 is an ultra-concentrated, citrus-scented low pressure presoak used to loosen dirt and road film prior to a foam brush or high pressure soap application. When used as recommended AS-5 will also work as a "frictionless" cleaner. For use in self-serve type carwashes.

- Red foam with pleasant citrus scent
- Safely loosens and removes stubborn grime on vehicles

AS-5

High Pressure Soap - Forest Fresh

AS-9 is a concentrated, forest fresh scented high pressure detergent combining excellent foam with powerful cleaning. For use in self-serve type carwashes.

- High foaming for excellent customer appeal
- Unique forest fresh scent

AS-9

Self-Serve High Pressure Soap

AS-10 is a ultra-concentrated, apple scented high pressure detergent combining excellent foam with powerful cleaning. For use in self-serve type carwashes.

- High foaming for excellent customer appeal
- Unique green apple scent

AS-10

Self-Serve Tire Cleaner - Green/Pine

AS-15 is a ultra-concentrated, pine scented foaming tire and wheel cleaner combining excellent customer appeal with powerful cleaning. Tires and wheels leave the wash looking clean and sharp. For use in self-serve type carwashes.

- Rich, fluorescent green foam
- Pleasant pine scent
- Powerful cleaner

AS-15

Advanced Alkaline Presoak

AS-40 is a powerful presoak for use in frictionless carwashes and in the presoak application of a hybrid wash. AS-40 is designed to loosen the most difficult road films and dirt build-up on any painted surface.

- Loosens even the toughest grime
- Safe to use on any vehicle surface
- Powerful cleaner

AS-40

Advanced Alkaline Plus Presoak

AS-41 is a powerful highly concentrated presoak for use in frictionless carwashes and in the presoak application of a hybrid wash. AS-41 is designed to loosen the most difficult road films and dirt build-up on any painted surface at low concentrations.

- Loosens even the toughest grime
- Safe to use on any vehicle surface
- Low consumption

AS-41

First Step Low pH Presoak

AS-45 is a unique, low pH presoak for use as the first-step in a two-step frictionless cleaning process. This process provides excellent cleaning results in even the most demanding of cleaning scenarios.

- Safe to use on all surfaces
- Helps with challenging cleaning issues
- Safer than most low pH presoaks

AS-45

Self-Serve Tire Cleaner - Yellow

AS-120Y is a concentrated, non-acidic fluorescent yellow tire and wheel cleaner for use in self-serve applications. Tires and wheels leave the wash looking clean and sharp.

- Cleans wheels as well as tires
- Vibrant fluorescent color
- Powerful yet safe cleaner

AS-120Y

Advanced Presoak Boost

AS-400 is used to boost the alkalinity of Advanced Solutions alkaline presoaks in tough cleaning applications.

- Boost Alkalinity
- Tough Cleaning

AS-400

Polishes - Conditioners - Sealants

Foaming Conditioner/Detergent - Blue/Yellow/Red

AS-71^(Blue) AS-72^(Yellow) AS-73^(Red) are low pH ultra-concentrated, foaming detergents providing excellent customer appeal as part of a multi-colored tri-foam or foam brush application. Low pH enhances drying process. Use independently or together for use in touchless, friction tunnels, rollovers or self-serve.

- Brilliant color
- Bubble gum scent
- Excellent foam

AS-71 AS-72 AS-73

Sealant/Drying Agent - Pina Colada

AS-85 is a ultra-concentrated, pina colada scented sealant that provides a quick water break on the surface of the vehicle. Enhances drying process. For use in touchless, friction tunnels, rollovers and self-serve.

- Quick water beading
- Pleasant pina colada scent

AS-85

Foaming Polish - Blue/Yellow/Red

AS-251^(Blue) AS-252^(Yellow) AS-253^(Red) are concentrated foaming polishes that provide excellent customer appeal as part of a multi-colored foaming polish application. Used independently or together for a bubble gum scented glossy shine on vehicles.

- Brilliant color with bubble gum scent
- Deep shine and good beading qualities
- Enhances the drying process

AS-251 AS-252 AS-253
